THE Print Shop

GRAPHICS

LIBRARY™

With The Print Shop Graphics Library, Disk 3, you'll rediscover the truth of the old adage, A picture is worth a thousand words. Now you can convey all those important messages—everything from "No Smoking" to "Yard Sale Next Sunday"—in a way that really gets the point across. And that's just the beginning.

Look for the entire family of Print Shop programs at your favorite Brøderbund Software dealer.

INTERNATIONAL SYMBOLS:

Pictures that say something the world over—everything from a warning sign to a stop sign.

BUSINESS

Everything from a confidential file to a laudatory certificate, plus many ways to say that everything's "thumbs up!"

CHRISTMAS

Celebrate the season with kisses under the mistletoe or a partridge in a pear tree. More than 15 new, adorable graphics.

MYTH & FANTASY

Let your imagination soar on a flying carpet, or rest the world's weight on Atlas' shoulders—more than a dozen incredible images!

SEASONS

Pictures that convey the chill of winter, the lazy days of summer, the briskness of fall, and the beauty of spring.

ANIMALS

A whole new zoo of exotic beasts including the grasping octopus, the chattering parrot and the regal tiger.

AND MORE . . .

Eye Chart, Piggybank, Steam Iron—all adding up to more fun and productivity for The Print Shop!

The Print Shop Graphics Library, Disk 3 by: David Balsam and Martin Kahn.

Graphics by: Michelle McBride, Gail D. Bales, Sheryl J. Tonkinson, Noreen Strehlow, Russell C. Messana and Robert Kern.

Print Shop THE **GRAPHICS LIBRARY™**

Disk 3 Instructions

Introduction:

Disk 3 is a collection of 120 graphics put together with your special needs in mind, whether you're using The Print Shop at home, at school or at work. We've included graphics for business, for international signs and symbols, plus many new Christmas designs. In addition there are graphics representing: Myth and Fantasy, Seasons, Animals and more.

Getting Started:

The Print Shop Graphics Library, Disk 3 is easy to use. All you need is The Print Shop to get started. You will be using The Print Shop in exactly the same way as you have before. Just start up the program and follow the prompts that appear on the screen.

Using Disk 3 Graphics:

Select your choice of GREETING CARD, SIGN, LETTERHEAD or BANNER from the Main Menu of The Print Shop, or the CALENDAR feature on The Print Shop Companion. When you reach CHOOSE A GRAPHIC, select FROM OTHER DISK.

Apple Note: Refer to the enclosed graphics card to see if the graphics you desire are on Side A (label side up) or Side B (label side down) of your Graphics Library, Disk 3.

Commodore Note: As with the original Print Shop program disk, use *Side A* of the Graphics Library disk (label side up) *if you have a non-Commodore printer* connected to your computer via a serial-to-parallel interface device. Use *Side B* of the Graphics Library disk (label side down) *if you have a Commodore VIC-1525 or MPS-801 graphics printer* connected directly. Note also that Commodore VIC-1525 and MPS-801 printers will produce finished graphics that may vary slightly from those shown on the reference card.

Atari Note: Make sure you insert The Print Shop Graphics Library disk into the drive with the label facing up.

Once you have inserted The Print Shop Graphics Library, Disk 3 into the drive, follow the prompts. Type in the *name* of the graphic you want. If you get a message that the graphic cannot be found, make sure the name is spelled correctly, that the disk is in the appropriate drive, and that you are looking at the correct side of the disk.

Modifying Disk 3 Graphics:

You can also modify your new Print Shop graphics with the GRAPHIC EDITOR and then save them to another data disk. After selecting Graphic Editor from either The Print Shop or The Print Shop Companion, type CTRL-G, then highlight FROM OTHER DISK and follow the prompts. Type in the name of the graphic you want to modify.
